USDA Farm Service Agency, Bozeman

Usually offers post-wildfire recovery financial assistance to landowners impacted by wildfire

- (406) 522-4000 ext 2
- Shanán Smiley, Conservation Program Specialist, Montana State FSA Office (406) 587-6881; shanan.smiley@usda.gov

USDA Natural Resource Conservation Service, Bozeman

Can provide natural resource related technical assistance to landowners. May have financial assistance programs available to offset recovery/restoration costs and fire prevention (stockwater, weeds, forest health). Administer the Watershed Protection Program that may be able to assist with securing remaining infrastructure. Offer resource conservation planning to landowners to mitigate fire impacts.

Christopher Mahony, District Conservationist
christopher.mahony@usda.gov; 406-522-4012
